

## ANNOUNCEMENT

### Adjustment to the Evaluation Criteria of the IDX Composite Index

#### Announcement No. Peng-00201/BEI.POP/10-2026

(available on the IDX website: <http://www.idx.co.id>)

With reference to:

1. Announcement of PT Bursa Efek Indonesia No. Peng-00148/BEI.POP/05-2021 dated May 31, 2021 regarding the Implementation of Free Float in Index Calculation;
2. Joint Decree of the Board of Directors of PT Bursa Efek Indonesia and PT Kustodian Sentral Efek Indonesia No. Kep-00047/BEI/03-2026; KEP-0024/DIR/KSEI/0426 regarding the Determination of Highly Concentrated Share Ownership on Public Listed Companies;

and considering the need for an index that better reflects market dynamics, Indonesia Stock Exchange (IDX) hereby adjusts the review criteria of the IDX Composite Index (IHSG) as follows:

| No. | Aspect             | Before                                                                        | After                                                                                                                                                          |
|-----|--------------------|-------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.  | Selection Criteria | All stocks (listed companies), except those listed on the Acceleration Board. | All stocks (listed companies), except:<br>a. Stocks listed on the Acceleration Board.<br>b. Stocks classified as having High Shareholding Concentration (HSC). |
| 2.  | Methodology        | Capped Free Float Adjusted Market Capitalization Weighted (Cap = 9%)          | (Unchanged)                                                                                                                                                    |
| 3.  | Evaluation Period  | Evaluation: March, June, September and December                               | Evaluation: January, April, July and October                                                                                                                   |
| 4.  | Effective Date     | The first trading day of January, April, July, and December                   | The first trading day of February, May, August, and November                                                                                                   |
| 5.  | Incidental Review  | (Not specifically regulated)                                                  | Stocks added to or removed from the HSC classification outside the regular index evaluation period will be promptly adjusted in the IDX Composite Index.       |

These adjustments will take effect on **November 2, 2026**.
